Evidence, Empathy, and Evolution: The Future of Eating Disorder Care

**EXHIBITOR + SPONSOR
OPPORTUNITIES + GUIDE**

ABOUT THE INTERNATIONAL ASSOCIATION OF EATING DISORDERS PROFESSIONALS

Established in 1985, the International Association of Eating Disorders Professionals Foundation (iaedp™) is today well recognized for its excellence in providing first-quality education and high-level training standards to an international multidisciplinary group of various healthcare treatment providers and helping professionals, who treat the full spectrum of eating disorders.

The Foundation offers a highly respected certification process for those who wish to receive specialized credentials in their work with people with eating disorders and publishes The Eating Disorders Review, an online professional journal, which addresses contemporary treatment issues.

“iaedp remains a powerful and inspiring conference that deepens the dialogue around best practices in the eating disorders field. We value the opportunity to connect with colleagues from across the country, share our insights, and engage in thought-provoking, impactful workshops.”
